

Student Information – Skills4trade - Multi Trade* -Bathurst

In a partnership with Skillset, TAFE Western will conduct the training and assessment for the Skills4Trade program and will issue a statement of attainment for units of competency successfully completed.

This program will provide an introduction to working in the construction and engineering trades (nationally recognised training) for participants who are 15-24 years and have left school. Using an RU Ready assessment, participants will develop their language, literacy and numeracy skills and gain work experience with a pathway and training credit towards a building and construction or engineering traineeship or apprenticeship. Training will include a non-nationally recognised “try a trade” day covering three additional trades.

Work Preparation and Work placement:

In addition to the construction, engineering and automotive course dates, participants will be provided with 2 days of work preparation training and up to six days negotiated work placement

Construction: 12 days

Engineering: 8 days

Try a Trade: 1 day

Work Preparation: 2.5 days

Time: 8:30 am to 4:00pm

Training Venue: Bathurst College of TAFE, Panorama Avenue Bathurst

Bring: Pen, notebook, lunch (canteen facilities available)

Wear: Cotton drill long sleeve shirt, long trousers and leather boots

Key Contacts: Engineering: Shaun Shirvill | 6338 2587 | shaun.shirvill2@tafensw.edu.au

Unit of Competency	Construction / Carpentry trade
CPCCCA2002B	
Use Carpentry Tools and Equipment	This unit specifies the outcomes required to safely select and use carpentry tools and equipment. It includes hand tools, power tools, pneumatic tools, plant and equipment
CPCCCA2011A	
Handle Carpentry Materials	This unit specifies the outcomes required to safely manually handle, store and apply environmental management principles associated with carpentry materials and components. It includes preparing material for mechanical handling
CPCCCM1012A	
Work Effectively & Sustainably in the Construction Industry	This unit specifies the outcomes required to prepare for and sustain effective work within the construction industry. It covers the identification and clarification of the construction industry work context, scope and employment conditions, responsibility required to be accepted by the individual, working in a team, individual career path improvement activities and sustainable work practices and techniques
CPCCCM1013A	
Plan and Organise Work	This unit specifies the outcomes required to plan and organise individual and group work activities on a construction site. The unit includes identifying task requirements, planning steps and organising work
CPCCCM1014A	
Conduct Workplace Communication	This unit specifies the outcomes required to communicate effectively with other workers in a construction workplace environment. It includes gathering, conveying and receiving information through verbal and written forms of communication

*This training is subsidised by the NSW Government and eligibility criteria apply.

Limited places available — courses run dependent on numbers. Additional costs may apply.

Skillset is recruiting prospective learners on behalf of TAFE Western RTO Provider 90009.

Some courses are also funded as an AEN MIP project. The Multi Industry School Based and Pre Apprenticeship Support Pilot Project (MIP) is supported by the Australian Government Department of Education and Training.

CPCCOHS2001A	
Apply OH&S Requirement, Policies & Procedures in the Construction Industry	This unit specifies the outcomes required to carry out OHS requirements through safe work practices at any on or off-site construction workplace. It requires the performance of work in a safe manner through awareness of risks and work requirements, and the planning and performance of safe work practices with concern for personal safety and the safety of others

Unit of Competency	Bricklaying
CPCCB2002A	
Use bricklaying and blocklaying tools and equipment	This unit of competency specifies the outcomes required to use tools and equipment used in bricklaying and blocklaying safely and effectively. It includes the identification, selection and use of hand and power tools, plant and equipment used in masonry work.
CPCCB2001A	
Handle and prepare bricklaying and blocklaying materials	This unit of competency specifies the outcomes required to safely handle bricklaying and blocklaying materials manually and mechanically, including their storage requirements. It also includes preparatory mixing requirements and environmental requirements for the disposal of waste.
CPCCCM2006B	
Apply basic levelling procedures	This unit of competency specifies the outcomes required to carry out levelling in a single plane for the purpose of establishing correct and accurate set out of buildings components. It includes the set up, testing and use of levelling devices, and establishing and transferring heights using a range of levelling equipment
CPCCCO2013A	
Carry concreting to simple forms	This unit of competency specifies the outcomes required to safely install formwork, reinforcement and place and finish concrete for the construction of minor slabs, pathways and other minor works to a specified design finish. The unit includes positioning the truck, placing concrete from truck to work area, spreading concrete and cleaning up site.

and

Unit of Competency	Work Preparation and Work Placement
FSKOCM03	
Participate in simple spoken interactions at work	This unit describes the skills and knowledge required to participate in a limited range of simple spoken interactions in the workplace, such as talking with co-workers, participating in workplace meetings, giving and responding to simple instructions, receiving and passing on simple messages, or talking with clients
AWTCAP105	
Use effective personal presentation skills	The unit applies to people who wish to learn about effective personal grooming, responding appropriately to dress codes and communication requirements, and developing effective strategies for personal presentation in a limited range of settings.
FSKLRG06	
Participate in work placement	This unit describes the skills and knowledge required to plan and participate in work experience.

A detailed training schedule will be provided at the first class.
