

Student Information – Skills4trade - Multi Trade* - Mudgee

In a partnership with Skillset, TAFE Western will conduct the training and assessment for the Skills4Trade program and will issue a statement of attainment for units of competency successfully completed.

This program will provide an introduction to working in engineering and civil construction (nationally recognised training) for participants who are 15-24 years and have left school. Using an RU Ready assessment, participants will develop their language, literacy and numeracy skills and gain work experience with a pathway and training credit towards a civil construction or engineering traineeship or apprenticeship. Training will include a non-nationally recognised “try a trade” day covering three additional trades.

Work Preparation and Work placement:

In addition to the civil construction and engineering course dates, participants will be provided with 2.5 days of work preparation training and up to two to five days of negotiated work placement

Induction:	Wednesday 14 February
Engineering:	8 days: 28 February, 1, 7, 8, 14, 15, 21, 22 March
